Dear Craig

We have really had some great times this year. It has been my best so far I guess. Most of my good times I had with you.

Remember our accident? My Gosh! that was the first one for me. The only good things were you got your car painted. Remember that night was a year exactly since we had our first date. Funny way to celibrate huh?

By the way Ski champ let me know when you get to the olymics and I will come watch you solomon (anyway even if I can't spell it you know what it means) down the mountains. We sure had fun up in the mountains this winter. What I wouldn't do to do get to do it over again. I don't think I will ever forget the fun we had. I guess I won't ever be able to forget the time you left me stranded on top that mountain either. I guess it will have to get better before I take the left up to the top and then ask you to go down the hill with me. It takes me 3 hrs and you 15 minutes. To say the least you really were getting good. Jumps and everything. Its too bad it had to go and fast. Don't ever go to Snow Summit again or you might end up with a broken leg + arm. It really wasn't too bad just ugly.

Remember the times you used to take me out Friday night and Jay would take Marlene out Friday night too. Saturday you took Marlene out and Sunday all four of us went skiing together. What fun!!. No lie is really was. How about that time we droped by "C" Street. To bad Phyllis wasn't home. Boy I bet you would have been interrest. Marlene, Phylis and all have some thing in common so it would have been fun to meet her.

I have to admitt skiing was really the best thing this year. How about our new ski club you formed, Mr. President?. You did a swell job. We should have had our pictures in the annual. Oh well.

Remember Bal? what a blast !!! you and six girls. That was really funny. I guess you learned all our gossip and secrets. It sure was fun huh? Brenda has a beautiful house which made it even better. By the way Craig I know I am tanner than you. Its bad.

The dances were really neat this year too.

the pride and spirit of fullerton union high school seemed to be personified in our principal, glenn h. lewis . . . throughout the year, mr. lewis guided students with wisdom and understanding, helping them grow in leadership, scholarship and personality . . . after thirty-five years of service to the school, mr. lewis observed that "today's students show a spirit of real friendliness, acceptance of minority groups, good sportsmanship and good conduct" . . . by setting a high standard for both students and faculty, mr. lewis helped to cultivate the friendly spirit which always prevailed on campus . . .

donald c. cruickshank, vice-principal and dean of boys, was well known to everyone as one of the busiest men on campus . . . he came to f.u.h.s. in 1931 and served the school as a coach, a teacher of social studies, history, and college health science, and as director of employment . . . he was president of the vice-principals' association of california . . . mr. cruickshank continually worked for better student conduct and looked forward to a time when students would become efficient in legislating and enforcing laws. . .

for "every boy and girl in our school to be well prepared to meet the responsibilities of their future" was the goal of dorothea h. spears, dean of girls and member of the staff at f.u.h.s. since 1947 . . . well-known especially to hundreds of girls, her contributions included firm leadership, exercised with understanding and a smile . . .

this year's senior class play, **arsenic and old lace,** was a hilarious comedy about two sweet old spinsters, abby and martha brewster . . . these dear sisters have many charities, among them, murdering men . . . they regard this as charitable because they "feel sorry for" the poor lonely old men . . . the plot is complicated by teddy brewster, who thinks himself theodore roosevelt, by the return of the sisters' criminal nephew jonathan, by the discovery made by mortimer, their other nephew, that his sweet old aunts were homicidally inclined, and by many more hilarious incidents that add up to an unusual and entertaining homicidal comedy which was truly a highlight of the dramatic season.

congratulations were offered for a fine performance by the entire cast . . .

Hi Craig,

Man we're finally graduating pretty fabulous eh? Man I'll never forget the times at Cuesta. Yea poor guys sleeping out in your old car - You got a few free meals eh didn't you - Man Craig I think the closest I ever come to heart failure was when we were speeding down the mountain & you made us believe the breaks were going out - It wasn't too funny for the time tho - Remember last summer when you guys come down to San Clemente (you Don, Bruce & Gary) Sure wished you could stayed longer - Be careful skin diving this summer & watch Bruce & don't let him get hurt - His birds first at the game (Hah Hah) Maybe you & Jill & me & Bruce can all go skin diving this summer. Well I can watch anyway - Sure wish we'd at by you in graduation but Foss flubed again - - - - I heard about you out at the "Oaks". That sure was

Dear Craig,
Well, it looks like we're losing another good looking senior boy again. What a shame! No fooling - I really do think that you are a doll with a very friendly personality. Remember last summer over in the north field when we were practicing song leading and you were practicing for football. I remember you would run around that about 20 thousand times a night. I hope it did you some good. I am sorry that I didn't stay in the ski club, but Lis didn't like the idea too well, and he's the boss. Craig, I want to wish all the success and happiness in the world. Don't forget to come back for Homecoming.
Lovingly,

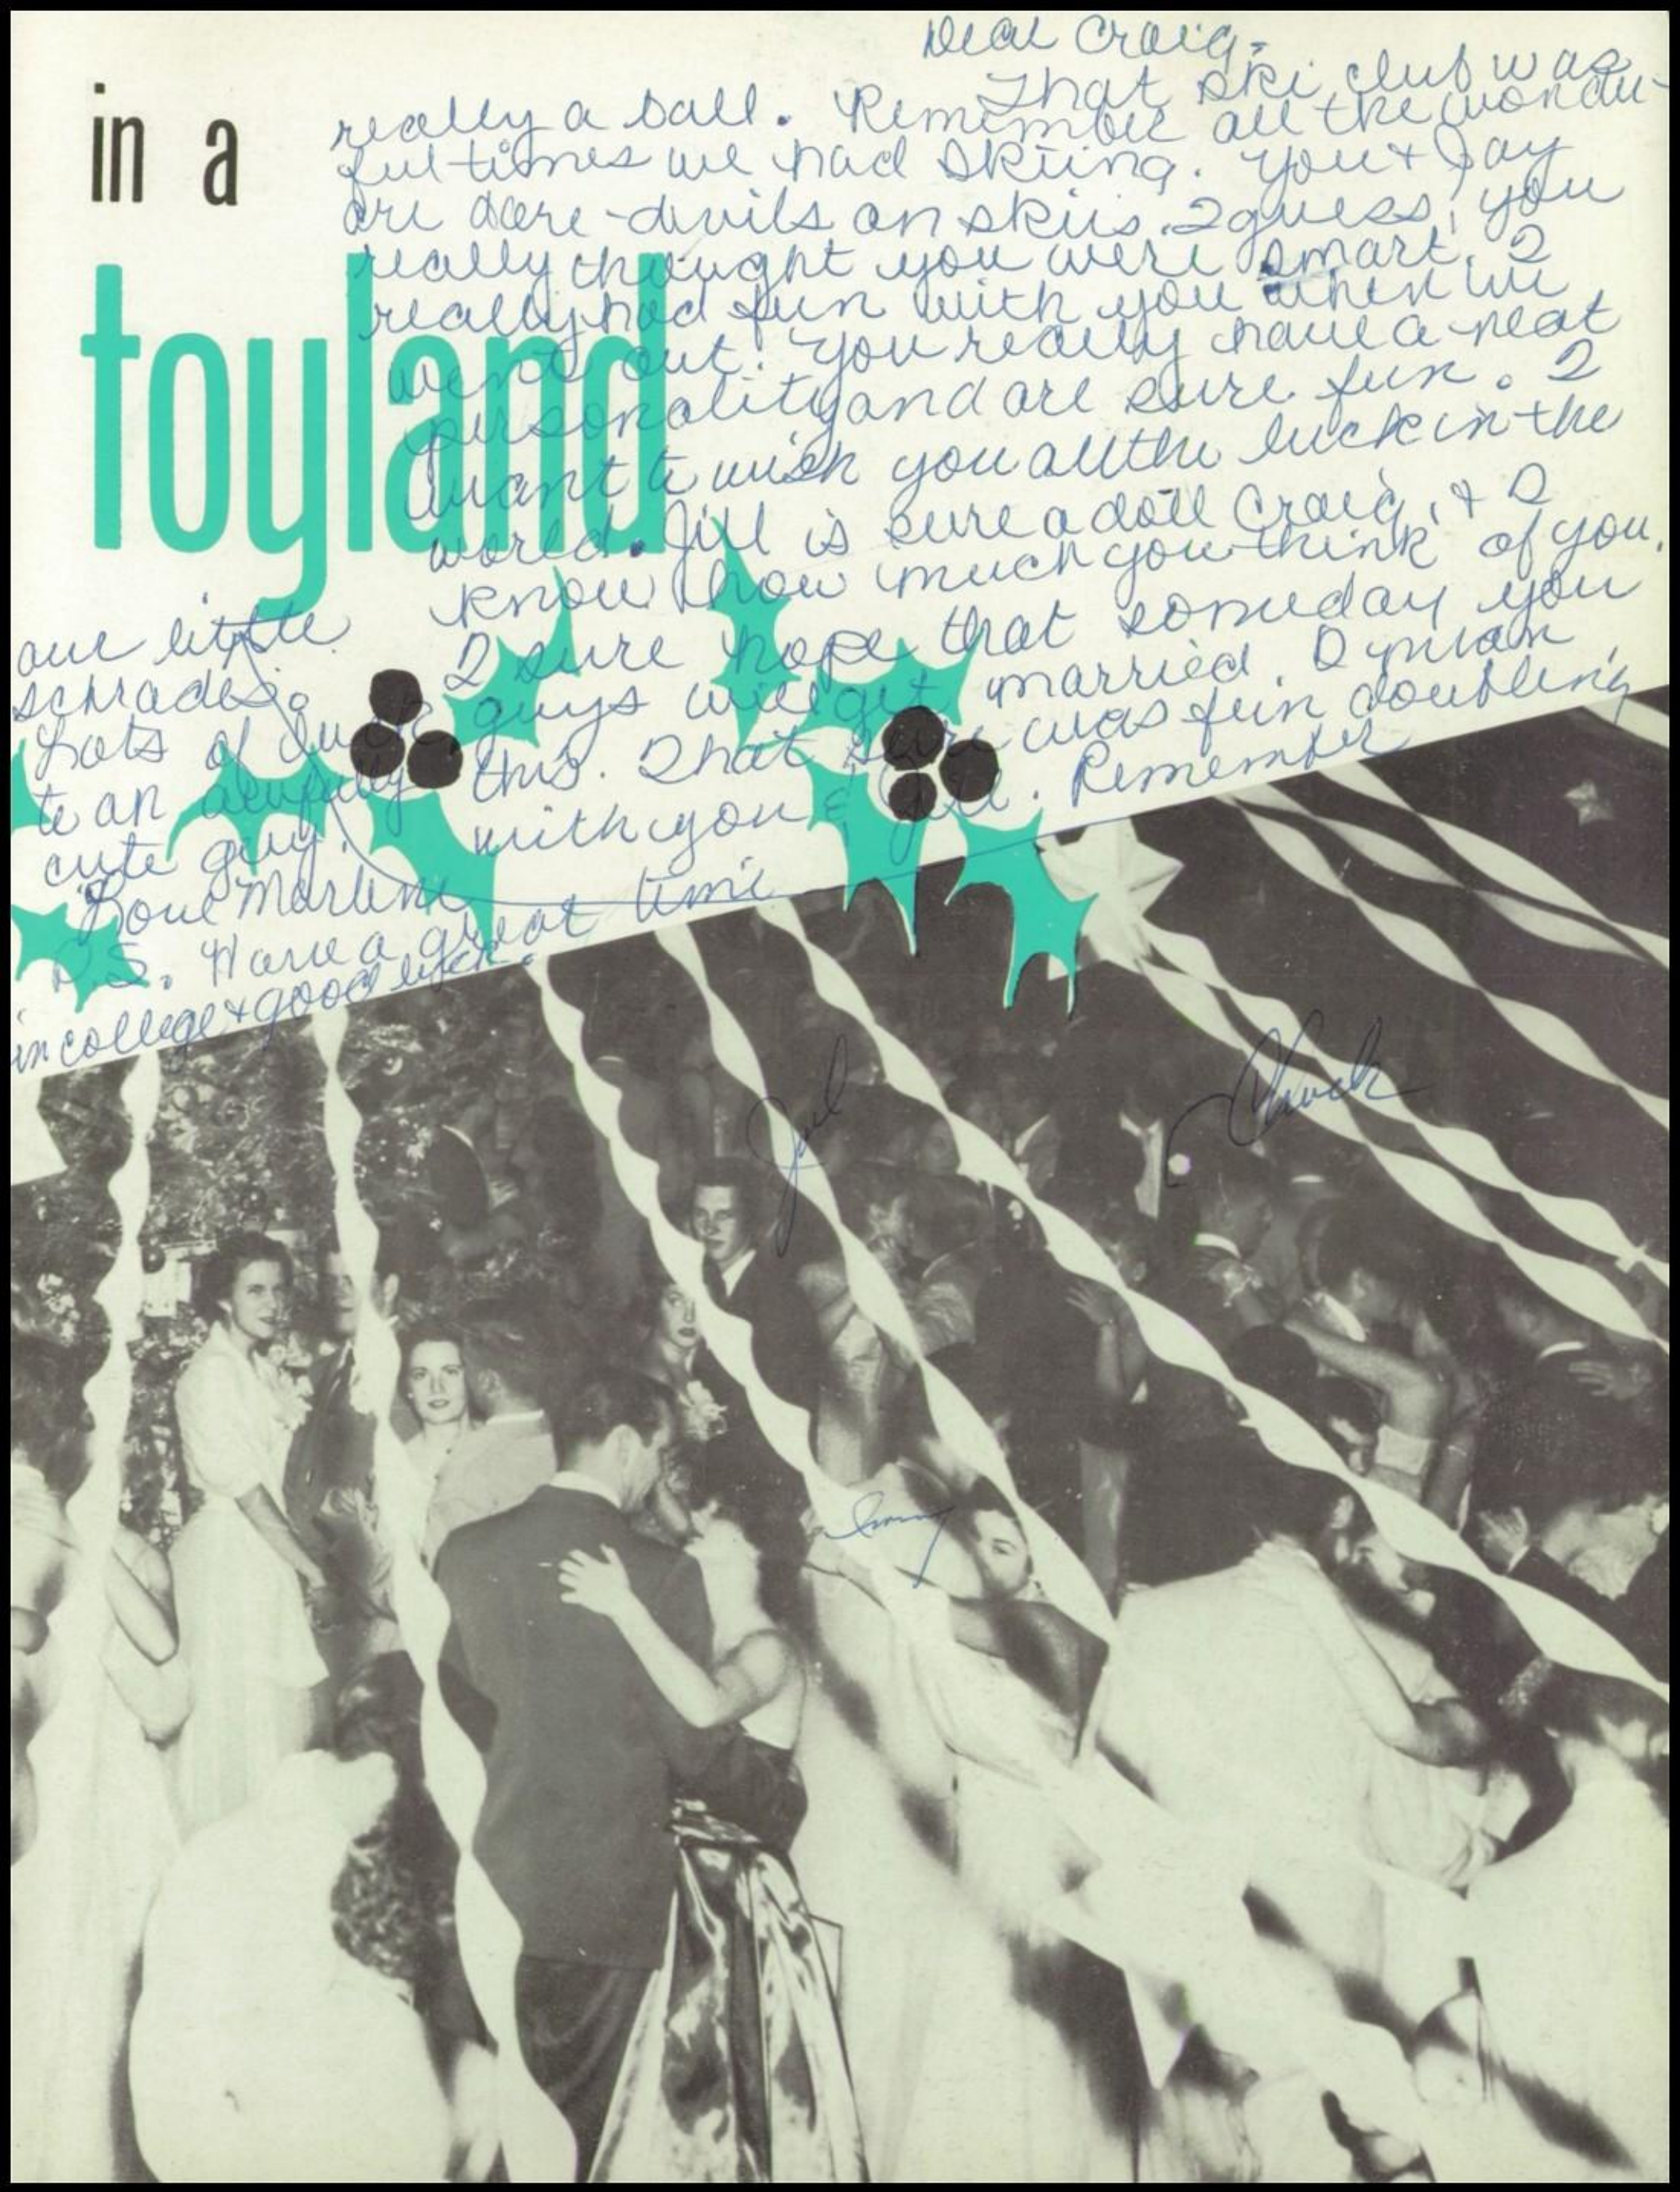
Dear Craig,
That ski club was really a ball. Remember all the wonderful times we had skiing. You + Jay are dare-devils on skis. I guess you really thought you were smart 2 when we first met! You really had fun with your personality and are sure fun. I want to wish you all the luck in the world. Jill is sure a doll Craig & I know how much you think of you. I sure hope that someday you guys will get married. I wish I could be there with you & Jill. Remember our little skirade. Lots of luck to an awfully cute guy. Love Marlene
P.S. Have a great time in college & good luck.



# beachcombers' ball

the key club's beachcombers' ball was one of the happiest dances of the year . . . students at the dance voted carole chesley and mike jones "the girl and boy I'd most like to be ship wrecked with".

# varsity sock hop

sandy weese and chip wickett (pictured above) were chosen as finalists for the best decorated socks among stags . . . jerry fishel and elaine kuchel (left), pictured with other finalists, won first place for the most unusual socks worn by couples at the varsity club's dance . . .

Remember Pow Wow? Oh that was awful. I thought you would never stop laughing long enough to tell me you only had a half of a bottle of Vodka. You + Bill what idiots!!! a half of bottle. HA!!HA!!

We have had more accidents. If your father is reading this we went over a bump and broke something (it really wasn't a bump) Anyway that was funny about Boyd + Dave coming just at the right time to bring us home.

I am glad Don + Dick came down Memmorial Day. We had fun didn't we. Too bad ~~you couldn't come~~ the weather wasn't better so you could go skin diving. You can't say you didn't try though. Taking that little boat out in the ocean + then all of us practically was sick. + Boy was it cold. I don't see how you boys could stand it.

I could go on forever remembering our good times + the crazy things that happend. How about that time, our first date. We ran over a dog and you leaned over to see it + ripped your pants. You were so embarassed, it was really comical.

The Moulin Rouge ~~on~~ in honor of our 18th birthdays that was the greatest, and also the same night Mike Symans and Zardies. I don't think I have ever had more relax in one night in all my life. Too bad we or I guess I should say you, couldn't have a Zombie. After all you are younger than me and have to make up for it some way. Remember our waiter at Moulin Rouge? I think he had been drinking ---- sort of crazy. He said you looked 19 and 18 or younger! He must have been drinking alot to think that!

How about our 2 rattle snakes too. What a scare.

Also our little game. Too bad I always won. Oh well better luck next time.

too low they build, who build beneath the stars . . .

Craig I will always remember the fun we had together, and the long interesting talks. I enjoyed our conversations, some of them, very much. You are really a wonderful guy and I hope we can always know each other. Don't forget me when you are away at college, U.C.L.A, I hope. You deserve everything that you want, and work for because you have what it takes to get it. Too bad we couldn't walk together this summer. I love fun fighting fires.

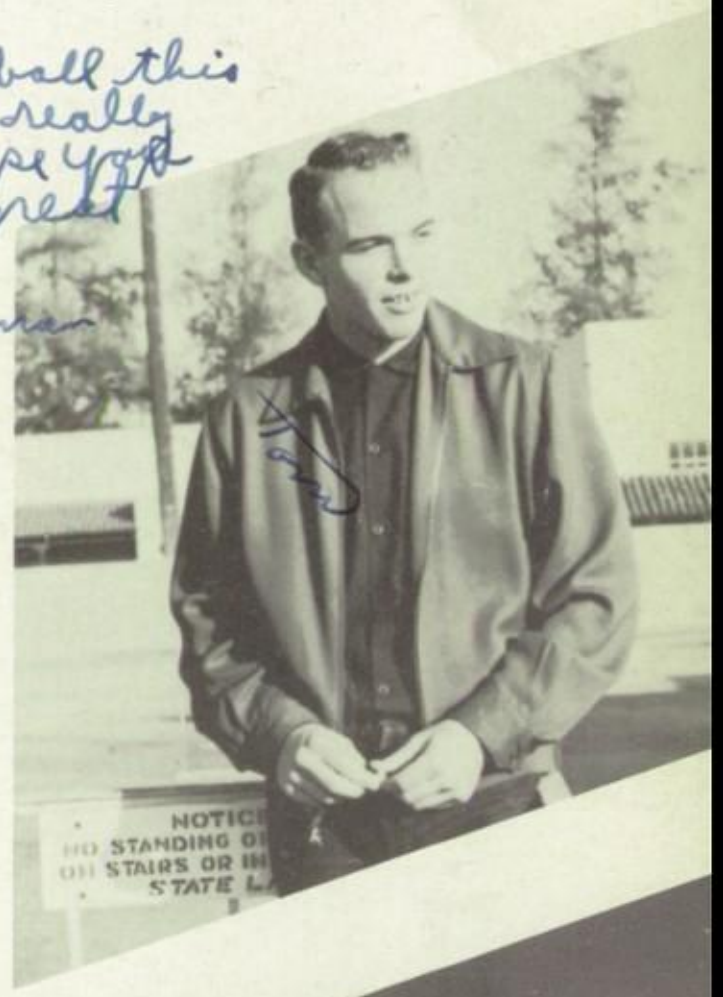
We didn't win the championship in football this year, but it was a heck of a lot of fun. That was really fun going spear fishing this summer too. Hope you have a real great year in sports. To a real great friend
Tom Strathman

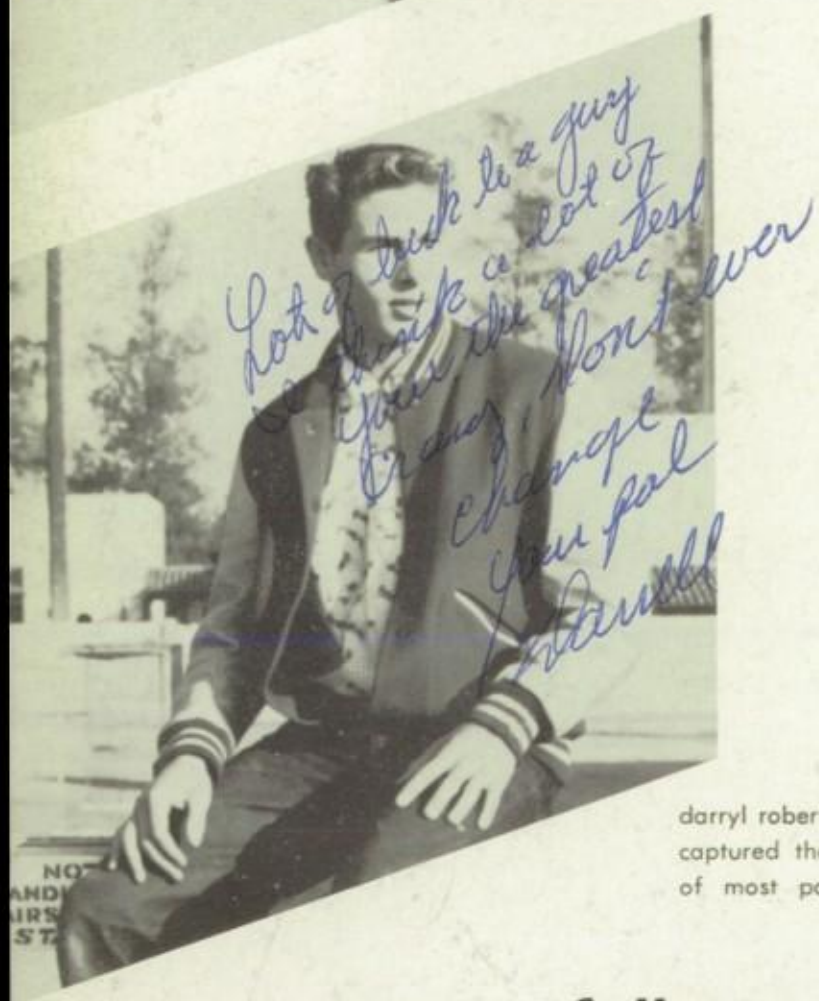
always dependable at end this year was tom strathman

after a week's campaign to "sink the sailors," the time of homecoming finally arrived . . . the spirit was tremendous and the stands were crowded with alumni . . .

our spirit sagged only slightly when newport scored first . . . the tribe took the kick-off and marched 57 yards in eight plays for a touchdown by roberts . . . our enthusiasm soared, even though the sailors led 7-6 . . .

after the traditional homecoming half-time, the braves took the ball on the kick-off . . . the tars were later forced to punt, and after runs by roberts and ortega, box fired a quick pass to hawkins for six points . . . to round things off, roberts passed to stratham for the extra point . . . early in the fourth quarter, runs by mason and fishel brought the ball to the sailor's 46 . . . hawkins snagged a roberts pass, putting the ball on the 24 . . . this same winning combination scored on the next play, with sandoval kicking the extra point . . . the sailors were drowned, 26-7 . . .





darryl roberts, flashy broken field runner, captured the new indian gridiron record of most points scored in one season.

fullerton kept up its reputation of early scoring when we took the opening kick-off and drove 68 yards to the oiler 3-yard line . . . darryl roberts, on an end-around, scored his fourteenth t.d. of the year, making the score 6-0 for the braves . . . later in the period, larry fishel, on a flashy run from the h. b. 12, scored the second six-pointer of the night . . . near the end of the third quarter bob nielson blocked an attempted oiler quick-kick which rolled out of the end zone, giving the indians a 2-point safety . . . the next scoring was done in the fourth period, when george smith, returning to action after a long session with a broken arm, hit pay-dirt twice for the braves . . . this game seemed to have solved the kicking situation as manuel sandoval succeeded in splitting the uprights three out of four times, making a 29-0 win over the foiled oilers . . .

after a loss to anaheim, it was difficult to match the spirit of the saints . . . early in the first quarter, after a saint fumble, fullerton commenced to march 32 yards . . . this gain was sparked by henry mason, top indian ground gainer of the night, and climaxed by a darryll roberts touchdown, making it number 17 for mr. roberts . . . the saints didn't score in the second period until they managed to click on a touchdown pass by art melgoza to gil rodriquez . . . the half ended in a 7-7 deadlock . . . on the opening kickoff of the second half fullerton fumbled and the saints recovered . . . seven plays later another successful aerial made it 14-7, santa ana . . . fullerton tightened up its defense but was unable to move with the remainder of the quarter resulting in a kicking duel . . . early in the fourth quarter saint carl david found a hole and romped 48 yards for the final scoring splurge of the night . . . the game ended with a highly-spirited and under-rated santa ana team on top . . . final score: 21-7 . . .

# fullerton 14 - anaheim 27

a big game it was, although the man with the blunderbuss came out on top . . . things looked for the better when fullerton, on recovering an anaheim fumble, marched 63 yards climaxed by an 11-yard scoring plunge by darryl roberts . . . anaheim scored once in the second period, making it 7-7 at halftime . . . the colonists scored early in the second half and again in the fourth quarter on a 95-yard run by mickey flynn . . . this last scoring surge marked the turning point in the game . . . a few plays later, anaheim intercepted an indian pass which resulted in their fourth t.d. of the night . . . although behind by 20 points, fullerton fought back hard and succeeded in pushing roberts into the end zone to score his sixteenth touchdown of the year . . . sandoval added the extra point, making the final score 27-14, a much closer game than the score implied . . .

## the big game . . .

a fighting spiirt prevailed among the men on our "bee" football team . . . it looked as though they would nab the league pennant when a little difficulty with good old anaheim upset the victory wagon . . . perhaps with a little more support from the students our gallant "bees" would have won the pennant they seemed to deserve . . .

Dear Craig,
I bet you had the best Easter vacation of anyone living in a house full of beautiful girls or should I say a beautiful girl meaning Jill. We just love your to borrow our food, razors, blankets etc. I'm just kidding. I thought it was really fun having you stay with us & be just one of the girls. I hope next year you decide to go to U.C.L.A. I hope to be there myself, maybe. See you around this summer.

when the last page was in, and we looked back over the year, it seemed a long time since the eighteen students, who comprised the '55 staff, first came together . . .

the first few weeks were spent around the conference table, exchanging ideas. out of these discussions came such things as the theme, the idea for the cover, and the uniform layout design. but, out of these conferences came something even more important . . .

following the theme, we decided to shoot for the stars. we set up the highest standards we could agree upon, and then tried to materialize them into a book that students would be proud to show to parents and friends outside of school as a true picture of student life. we hoped it would be possible to produce this type of book and that, once produced, fullerton high students would be pleased with it . . .

the two fellows pictured on this page, gordon loomis and tom cree, spent many extra hours in the darkroom developing pictures so that this book would be out on time. also helpful were the following:

**bill hubbell . . . the yearbook house, monrovia**
**chris myron . . . photography studios**
**s. k. smith company.**

galaxy photographs came by way of the mount palomar observatory.

we considered our work primarily a service to the student body, but when it was completed, we had to admit that it had been fun.

Well now that you are out how does the greatest skiier in the world feel? Remember all the fun we had on the slopes like when you hit that bump and lost you heel and Jill came tumbling after, and broke her ski (I mean Brenda's ski). The only time I didn't go was when Jill went down the hill trying to flatten all the poor little trees, and she did a pretty good job. Then there was the time we were going to Baldy and we got up real early so we could get there early. It took us about 2 hours to put on the chains and then when the road was blocked and we had to walk about 4 miles just to get frozen and wet. Remember when we went swiming in the Sunny Hills pool and we, Dave and I, left you and came back in Toms cars and turned on the spot light, and you thought it was the Cops and took off. It was really a ball during football this year even though you couldn't see what was happining without your glasses. During all the years I have knowen you we have had a lot of fun together inc. taking out the same girl. Jill sure got red when I yelled out craig the other morning. I sure hope you can get into a good college and if you do come down on week ends and we will go skiing. Be good and keep taking Jill out this summer because she is really a good kid.
